

CHARMOUTH - LUXURY LODGE

Light, bright, contemporary and fresh, the new Charmouth offers a feast for the eyes with its on-trend botanical theme.

The striking design style spells pure luxury however, style in no way compromises functionality, and the Charmouth is a surprisingly affordable holiday home too!

Retaining the popular exterior features of its predecessor, such as sliding patio doors to the front elevation and feature CanExel cladding, but with a bold new colourway for 2024, the Charmouth is a holiday home with plenty of kerb appeal!

Inside the living space combines clean lines with beautiful, bold botanical prints and the result is exquisite!

If you're looking for an affordable and practical holiday home with impact and style, this may well be the one!

Stay warm and cosy throughout the year with BS 3632 Residential Specification now available on this model!

This model is now available in BS 3632 – the British Standard for residential park homes. A caravan holiday home built to BS 3632 means better insulation and energy efficiency so you can enjoy it throughout the year.
